

## BUILDING & PEST REPORTS

Remove the risk of purchasing a defective property and make your decision an informed one with a comprehensive pre-purchase inspection report, we use the latest thermal image technology and all our building and pest inspections are done to comply with the Australian Standards.

Saurus Constructions will provide you with an accurate and informative building and pest inspection report, emailed to you on the same day the inspection is conducted. This helps to make the right decision about buying a property, without having to wait for days. Our comprehensive property inspection reports contain digital colour images and outline any issues with the property.

Please call Saurus Constructions for more information or to book your pest inspection.
