

SHARED POOLS

What is a shared Pool?

QBCC state that - A shared pool means that it is accessible to residents of two or more dwellings. They are typically associated with apartment and unit complexes, hotels, motels, backpacker hostels and caravan parks.

1. HOW LONG IS A POOL SAFETY CERTIFICATE VALID FOR

A pool safety certificate confirms that your pool complied with the pool safety standard at the time it was checked by a pool safety inspector.

Pool safety certificates are valid for:

1 year for shared pools

2 years for non-shared pools.

2. RULES FOR DISPLAYING CERTIFICATES

Shared pools must display their current pool safety certificate near the main entrance to the premises or at a gate or door accessing the pool. Your local council may impose fines if certificates are not being displayed.

Owners of non-shared pools do not have to display a current pool safety certificate. If you have already received a certificate but have lost it, you can download and print

a new one from QBCC pool register <https://my.qbcc.qld.gov.au/s/pool-register>
